# Open Systems Global Services

Smart solutions

Since its soft-launch in August-2011 with the first “SOW” (Statement of Work) engagement at HSBC, OST’s Projects/Solutions division has gone from a fledgling 1-contract / 1-employee practice to a ~\$7 MM business unit in 3 years. In 2014, it was made a subsidiary entity named ‘Open Systems Global Services’.

## CORE TECHNOLOGY FOCUS:

- Java & Microsoft suites - Application Development
- ERPs (SAP, Oracle, PeopleSoft, JD Edwards)
- Data Warehousing / Business Intelligence – *BIG DATA*
- IT Infrastructure Management, Network Security & Data Privacy – *CLOUD COMPUTING*
- Mobile Enablement / *Mobility Solutions*

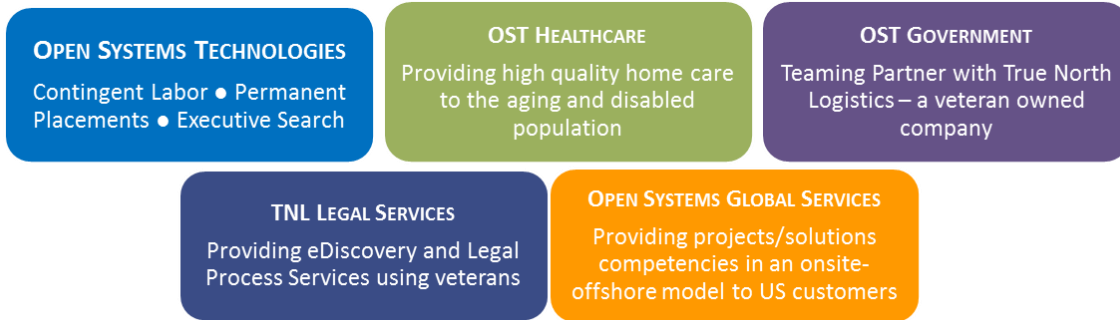

## OST's DNA:

- Highly-skilled employees
- Multiple skills quotient - domain plus technology
- Good communicators, carefully selected-high native intellect and strong work ethic
- The best people who exhibit the 3 A's: Ability, Attitude & Approach

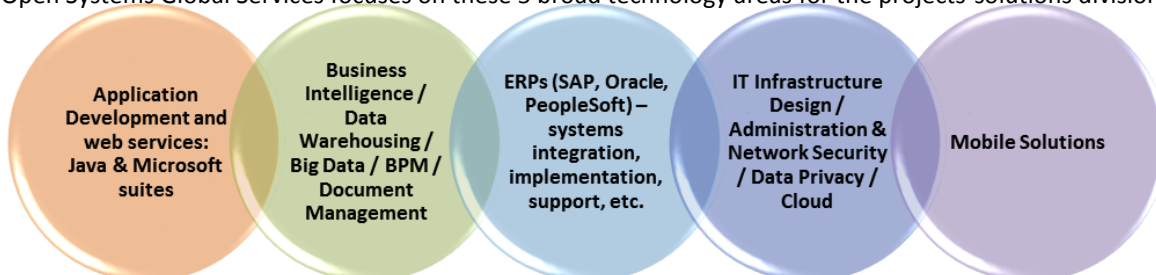

People who work diligently and intelligently.

Venkatesh Sadagopan  
OST Global Solutions

## OST SERVICE OFFERINGS / OPERATING DIVISIONS

Open Systems Global Services focuses on these 5 broad technology areas for the projects-solutions division:

In addition, OST offers an **Independent QA / Testing** group in an onsite-offsite-offshore model.

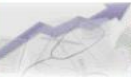

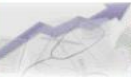

Aside from the technology stacks mentioned above, Open Systems Global Services supports customers with their unique situations for niche skill-sets.... Like building a competence center for a new technology product/solution.

**Niche Centers of Excellence:** IBM iLogCoE • Salesforce.comCoE • RubyOnRailsCoE • SAP HANA CoE

## VALUE PROPOSITION

At OST, we develop scalable and cost-effective solutions driven by the most supported technology backed up with extensive business experience. We are here to provide comprehensive and flexible solutions for your diverse requirements. We have the right expertise and experience to deliver the best value to you and your users.
